Technical drawing of a rectangular frame. The overall width is 100 and the overall height is 246. The central opening is labeled "VAZIO". The dimensions of the central opening are 230 in width and 230 in height. The frame has a thickness of 8 on all sides.

Technical drawing of a rectangular frame. The overall dimensions are 300 (width) and 246 (height). The frame consists of two vertical sections and two horizontal sections. The vertical sections are 230 units wide, and the horizontal sections are 8 units high. The weight of the vertical sections is 2400 KG each, indicated by arrows pointing to them. The weight of the horizontal sections is 8 KG each, indicated by arrows pointing to them. A circular detail is shown at the bottom right corner of the frame.

Technical drawing of a truss structure. The structure is a triangular truss with a total width of 300 and a total height of 100. The top and bottom chords are composed of horizontal members, each with a thickness of 8. The vertical height is 100. The truss is supported by a vertical member on the left and a vertical member on the right. The internal members are diagonal members connecting the top and bottom chords. The drawing shows the truss structure with dimensions and a scale of 1:1.
